
Battlefield Bad Company 2 Bots Mod Download UPDATED

There is not much to say about it, you can play BFBC2 over the local network if you want with your friends. There are NO bots and, as has been said, won't be any time soon... Only on Xbox ... I'm not saying it's bad, but there's just nothing better than playing with someone. But, all in all, you're better off downloading BFBC2 and playing with players all over the world. If you want to play with your friends, but you have problems, then you can try to create your own server. Currently, there are a large number of servers that you can use. You can find them on various sites, in groups on social networks, as well as in a special section of the BFBC2 forum.
